Manager of Days Inn Arrested as a result of 51st Employer Sanction/Illegal Immigration Operation President Obama's Comments against Arpaio will not deter his Illegal Enforcement Crackdown

(Phoenix, AZ) Maricopa County Sheriff Joe Arpaio reports after a two month investigation, his deputies conducted the 51st employer sanction/illegal immigration operation August 24th at the Days Inn Hotel located at 502 W. Camelback Road in Phoenix. Deputies have arrested the Days Inn Manager Jorge Molinar. Following the investigation it was determined 10 of the 18 workers at the hotel were using false information to gain employment.

Sheriff Arpaio says "Molinar avoided arrest along with nine others and had the audacity to return to the work place." He says "this is one example of illegal aliens thumbing their nose at this office and the laws against illegal immigration. The investigation into the owner of the Days Inn, who hired Molinar, continues."

Arpaio adds, "The President's new immigration policy and his comments about me, yesterday, relating to the 3 year DOJ investigation of alleged racial profiling will not deter my stance on enforcing ALL state and Federal Immigration laws including crime suppression, human smuggling, employee sanction/false ID

investigation and raids in the work place.

Arpaio says his deputies raiding workplaces, which is believed to have caused the removal of approximately 1,000 illegal aliens, should help the local economy by opening up job opportunities for United States citizens.

Arpaio states he will be launching his 20th crime suppression operation in the city of Phoenix within 7 days.
