***Sheriff's Office Letter To Pima County Administrator***

The Maricopa County Sheriff's Office sent a letter to the Pima County Administrator regarding the conduct of Pima County's Chief Legal Defender, Isabel Garcia, on July 10, 2008 at Sheriff Joe Arpaio's booking signing held in Tucson, AZ.

Media accounts report that Garcia publicly participated in the mock assault and decapitation of the Sheriff, and elected law enforcement officer.

"I am disgusted with the conduct of this Pima County employee, a government official," says Sheriff Arpaio. "As an officer of the court and a person in a position of public trust, her actions reflect poorly on Pima County."
